AboutGolf
The World's
Best Indoor
Golf Experience

Technology—In the pursuit of the most realistic, accurate and enjoyable indoor golf experience, AboutGolf developed their own proprietary ball and club tracking technology. This 3D machine vision technology, known as 3Track, was released in May 2008 and has since revolutionized the indoor golf experience.

Graphics—AboutGolf is dedicated to producing golf environments that feel, look and play like the real thing. AboutGolf obtains the best possible terrain data, accurate within inches. This level of detail produces the world-class indoor golf experience.
